## Data Dictionary

The Retro Clouds Vape Shop Website data dictionary comprises nine tables, each serving as a repository for important information essential to the smooth functioning of the online platform. Within these tables, various aspects of the website's operations are organized and managed. For every table, detailed specifications are provided, including the table name, field name, data type, sample data, description, and field length. These specifications offer a comprehensive understanding of the structure and content of the database, ensuring consistency and coherence in data representation. By documenting these critical details, the data dictionary serves as a foundational resource for developers, administrators, and users, facilitating efficient data management and utilization within the Retro Clouds Vape Shop Website ecosystem. ## WHAT WE DO

SELLING VAPE PRODUCTS SINCE 2020

Established in December 2022, we started as a passionate vape store in Pinagsama Phase 2, Taguig City, and our passion for providing the best vaping experience has led us to expand and serve vapers in San Pedro Laguna, San Tin Cove, Kowit Cove, and even Infanta Pangasinan. We offer a wide variety of high-quality e-liquids, vape devices, and accessories from reputable brands, with knowledgeable staff to help you find the perfect setup, all at competitive prices.

## ASKED QUESTIONS

## ANSWER TO COMMON QUESTIONS

## WHAT ARE THE DIFFERENT TYPES OF VAPING DEVICES AVAILABLE?

Vaping devices come in various types such as cigalikes, vape pens, pod mods, box mods, and mechanical mods.

## IS VAPING SAFER THAN SMOKING TRADITIONAL CIGARETTES?

While vaping is considered to be less harmful than smoking traditional cigarettes, it is not completely risk-free. Vaping still involves inhaling aerosols containing nicotine and other chemicals.

## HOW DO I CHOOSE THE RIGHT NICOTINE STRENGTH FOR MY E-LIQUID?

Nicotine strength selection depends on factors like your smoking history and vaping habits. Beginners typically start with lower nicotine strengths (3-6mg/ml), while heavy smokers may opt for higher concentrations (12-18mg/ml).

## WHAT ARE THE MAIN INGREDIENTS IN E-LIQUIDS?

E-liquids typically contain propylene glycol (PG), vegetable glycerin (VG), nicotine, and flavorings. Some may also contain distilled water or other additives.

## HOW OFTEN SHOULD I CHANGE THE COIL IN MY VAPING DEVICE?

Coil lifespan varies depending on usage, e-liquid composition, and maintenance. On average, coils should be replaced every 1-4 weeks to maintain optimal performance and flavor.

## ARE THERE ANY REGULATIONS REGARDING VAPING PRODUCTS?

Regulations for vaping products vary by region. It's important to stay informed about local laws regarding sales, advertising, and usage of vaping devices and e-liquids.
